*"Why go to any port in a storm, when
there's
Safe Harbor"*

Safe Harbor Insurance opened January 2, 2008 in Plainfield, CT. We are an Independent Agency offering a wide range of insurance.

The agency was organized and started by Christopher L. McCormack along with one Associate, Tabitha Morrone. Chris and Tabitha have known one another for 6 years, many of which they have worked together. They compliment each others strengths and bring that experience into the agency.

Our goal is simple: provide the best service and best insurance products for our clients.
