

Feature Car of the Month April/May, 2009

This month's feature car belongs to Bruce & Nancy Thornton. Bruce and Nancy have been members since August of 2008. This Arcadian Blue Convertible is powered by a 289 engine mated to a 4 speed top loader transmission that sends power to the 8 inch traction lock rear differential that has 3.25 gears. Bruce added an MSD ignition, AFR heads and port matched C90X Ford aluminum intake, a roller HR 270 Comp Cam and roller rockers. The engine is bored .30 over and has 9.7:1 compression.

Nice Pony Bruce!
