

Seature Car of the Month  
Jeremy & Jessica Loiselle's  
1989 LX Hatchback

Jeremy & Jessica sure know how to live it up and ride in style. This nice looking white Pony is powered by an EFI 5.0 HO with a 5 speed tranny. The rear end really winds up with the 373 gears and it breaths through a throaty Borla exhaust. This is a sweet ride the Loiselle's have and like I said, they know how to ride in style.
