

FEATURE CAR

Allen & Brenda Thibodeau's

2000 Coupe

Check out this Pony. Brenda & Allen have been members of our club since July 2003 and have been active in many of our events. The color of this Stang is Performance Red and is powered by a reliable 3.8 liter engine and they glide through the gears using their automatic tranny. This is a very nice ride and the Thibodeau's keep this Mustang very clean. Brenda and Allen you have a sweet looking Pony. See you this spring.
