

## *Feature Car of the Month: July, 2011*

*This month's feature car belongs to Jessica Legere. Jessica has been a member of SCMC since August 1999. She recently purchased this pristine Mach I from her mother who bought it new. This very low mileage Mach is powered by a 4.6 liter engine backed with a manual transmission. The Mach's growl comes from the 3 1/2" Flowmaster exhaust and also features the famous shaker hood scoop. Jessica loves her Stang and keeps it looking show room new.*
