Tony and Sue Brockwellø

1996 GT Coupe

This clean looking 1996 GT Coupe belongs to Tony & Sue Brockwell of Niantic. Their Tangerine Pony is powered by a 4.6 with a Super Charger, Ford Motorsport underdrive pulleys, Borla side exhaust, Chrome dress up kit, 70 MM throttle body, and Ford Motorsport ceramic shorty headers. It is equipped with a 5 speed transmission with Ford Motorsport 3.73 Gears, Leather interior and a factory sound system. Now if that is not an impressive Pony, I do not know what is?
