

## Feature Car of the Month:

This months feature car is a 1966 Coupe owned by Jim Fletcher. The engine is a 289 with 9.5:1 compression. An Edelbrock Performer cam and intake with a 600 cfm carb connected to a C4 automatic trans help this engine move the coupe with ease. The color is Candy Apple Red and she has a pony interior with white face gauges. The Coupe is one great ride.
