

President's Corner

April, 2010

Hello gang;

Well I am happy to say that spring is finally here! Rain is better than snow but too much can cause big problems. Hope everyone is staying dry. Good news is that the first event of the season is now upon us. Our traditional season opening event is at Auto Zone in Groton from 12-3 pm on Saturday April 17th. The following Saturday is set aside in case of bad weather but let's hope we won't need to use it. This first event has always brought out lots of Mustang owners to show off their cars.

Calendars should be ready for members renewing dues and for new members as well by the April event. Please make sure when you make out your check for dues that it is made out to SCMC. Please send your check to Jeff Watterson 11 Almond Dr Waterford, Ct 06385.

I would like to thank the sponsors who have renewed and the return of some past sponsors as well. Welcome back. If anyone is not getting their newsletter or knows of a member or a sponsor not receiving one please let Patty Chattell know so this can be corrected. Patty can be reached at 860-230-0574 or by email at pchattell@comcast.net.

We are now going into our 11th year and things are looking good. We are always looking for news event ideas so if you have any let us know.

Hope to see everyone at Auto Zone on the 17th and pray for no rain and warm temps.

See you all there,
Lucien
