

# *PRESIDENT'S CORNER*

*August, 2006*

Helloooo Mustangers:

Our Annual picnic is schedule to take place August 12th. The location was changed because many members expressed a desire to be on the water. Events Coordinator Dan Breton came up with a great location on Gardnerø Lake. The picnic is pot luck with the club buying the hamburgers and hotdogs. It is always a great time, so please sign up. See the flyer in this newsletter.

Our Beit Brothers cruise nights continue to be very successful with rising attendance. The July 15th event attracted approximately 45 classic and special interest autos. As always these events would not be successful and well organized without the help of many club members. For those of you who help out, thank you. For other members who may want to do a little more than just attending, please ask any officer if there is something you can do. It is great fun and every little bit of help is appreciated.

We held our second sponsor appreciation cruise. The events were set up by Dan to recognize and thank our sponsors for their continued support. These cruises meet at one of our sponsors location, we make the presentation then cruise to the next location. It serves two purposes, one it recognizes and thanks our sponsors and secondly it gives us an opportunity to cruise and show off our Stangs. Please make note of our next sponsor appreciation date and come join us.
