

President's Corner: August 2008

Well the summer is winding down and it will soon be the end of our season. However there are still a couple more events planned for this year. One of the events, still to come, will be our Fall Tour. It will be on October 25th. We are still taking any and all suggestions for this year's tour. The tour is a very enjoyable event, I hope everyone comes out and takes advantage of all the hard work the tour committee puts into planning the event. Our September cruise is just a few weeks away. Please take note that the scheduled time start has been changed to 3:00pm and will run until 6:00 pm. This is due to the sun setting a little earlier at the end of the summer. So mark your calendars. I hope everyone has a happy and safe Labor Day weekend. See you at the next cruise.

That is all for now.

Jose Lopez
