

PRESIDENT'S CORNER.....

February, 2007

Helloooo Mustangers:

Now that the hustle and bustle of the holidays are behind us it is time to start thinking of the cruise season that is fast approaching. Your club officers along with Events Coordinator, Dan Breton, are busy putting the 2007 calendar together with some exciting events, two of which are described in this newsletter. I encourage all members to take advantage of these scheduled events and come out and have a few laughs. We have always had a good time, so if your free, please attend.

As I reported a few months ago, I have been working on my Mach 1. My son, Duke, and I have pulled the engine and I dropped it off to club sponsor, L&L Machine on Rt. 184 in Groton. I also am having my 4 speed top loader being looked at to make sure everything is OK and will not present a problem when I finely put it all back together. As with any project one job leads into another so my course of action now is to detail the engine bay. I have decided to

take off the front quarter to allow access for welding up unused holes and prepare for sand blasting. Currently I am not sure if I can get my Mach back together before the first event, but you can bet I will try my hardest.

In last months newsletter I sadly reported the unfortunate death of one of our past members, Tom Higgins. If any of you would like to send his wife, Tina a card, you can mail it to:

Tina Higgins,

303 Belle Ridge Ct

Chesapeake VA 23322

Our next meeting is Sat. Feb. 10th starting at 4:00. These meetings are essential to the clubs success and we really appreciate input from the membership. Also, after the meeting we go out to eat as a group. It is a lot of fun. So if you have nothing scheduled please consider attending.

Bo Miller
