

# ***PRESIDENT'S CORNER***

January, 2007

Helloooo Mustangers

:I hope all of you had a safe and happy holiday. To continue with the spirit of the holidays, Colleen and myself invite you to attend the Mustang Club holiday party at our home in Ledyard. Look for info about the party later in this newsletter.

2006 was a very good year for the Southeastern CT. Mustang Club. We improved our Saturday cruise nights at Beit Brothers by being a little more organized in roping off and parking cars, thanks to Joe Lopez. In 2006 we started giving away goody bags to all cars who attended our events, thanks to Diane and Larry Pinette. We also improved our raffle by having many raffle items where people actually selected the items they wanted to contend for by placing their raffle ticket in separate associated containers, again thanks to Larry & Diane. In previous years music at our events were done by a paid DJ. Thanks to Ian Davis who sold us a

sound system at a very reasonable price and Bob Loiselle who volunteered to DJ for the club so that we no longer have to incur the cost of music. Selling hot dogs and soda continue to be successful, thanks to Armand Chattell's grill work. And lastly our annual fund-raiser with the help of KOOL 101, donated \$2500.00 to the Women's Center of Southeastern CT. thanks to the tireless effort of Lucien Boutin and Patty Chattell.

Your club officers will continue to work on making improvements however, many of the things we do are the result of feedback from you the members. So if you have an idea which you would like to suggest please contact any officer or attend one of our meetings. We would like to see you.

Bo Miller
