

PRESIDENT'S CORNER      June, 2006

Helloooo Mustangers:

I have included in this newsletter an article that was published in this months Mustang Monthly concerning the Mustang after market business. It is interesting reading and may have an impact on our hobby, so be sure to read it. We held our first Sat. night cruise at Beit Brothers and it was a great success. With over 40 cars attending and our new sound system blaring, fun was had by all. For more details read Larry and Diane's article on page 2.

The July 4th parade is fast approaching so if you would like to attend this fun event please contact Kathy Chase. See the attached flyer for info.

If you have not paid your dues by June 16th we will assume that you no longer have your Mustang or wish not to renew your membership. This will be the last newsletter you receive, so keep your membership active, please pay your dues.

Due to resignation of Rob and Tracy Cushman, I have appointed Dan Breton as Club Events Coordinator. Dan has been a member since 2004 and has quietly helped the club in coordinating the moving of our club cruises from Kart Way in Ledyard to the Mohegan Firehouse. When we were notified that the firehouse was going to be renovated, Dan took the lead and arranged our current location at Beit Brothers. Dan's enthusiasm and dedication is greatly appreciated and we are happy to welcome him as an officer.

Bo Miller
