

# ***President's Corner***

## ***September, 2011***

Hello gang;

Last month saw us with no cruise night. The scheduled cruise was canceled by me because of weather information that I got from watching the forecast and it turned out to be a bad call. I want to apologize for that. The scheduled rain date of course brought us Tropical Storm Irene. I hope everyone got through the storm with out damage. The next few weeks are going to be very busy for the club. We have nomination of officers to take place at the September cruise which was to originally take place in August. Elections will take place at the October meeting. On October 2<sup>nd</sup> members are being asked to attend the SCMC Inaugural Car Show to benefit the Children's Medical Center in Hartford. This show is being held at CJ Tool and Stanton Equipment on Route 12 in Plainfield. Members are needed to make this show run smooth. People are needed for parking, registration, set up and breakdown for the event. More info will be sent by email with times and places to meet. Remember everyone's help is needed. Also a meeting place for the winter will be announced in the next few weeks. Indoor meetings are on the third Saturday of the month from 4-6 pm. Lots of things get done during this time for the next season so please come on down and share your ideas. Next Cruise September 17<sup>th</sup>.

See you all there,  
Lucien
